

# SEVINJENO THOMAS FERNANDO

## WEB DEVELOPER

### OBJECTIVE

To Work in an environment that encourages me to succeed and grow professionally Where I can utilize my skills and knowledge appropriately.

### WORK EXPERIENCE

Working as a junior Software Developer in Textronics Design Systems From 15/12/2020

*Projects Worked on :*

*Archive Dashboard [ javascript ,c# , jquery]*

- This was the live project ,the clients we were dealing with were Myntra,Ramraj,Century,Niltexile[turkey],Raymond
- New development of Creating 2 modules one for Qr code and other for design Fabric, used jspdf plugin for this.
- Worked on the validation problems of the project.
- Experience in working with jquery ajax in controller for fetching of data from database

*NEW Archive Dashboard [ javascript, c#, react js, jquery]*

- For this project, the Requirement was to convert the Old project to React js.
- Used Understanding of React Fundamentals to promote better component lifecycle Practices.
- Learned how the import of components works, how the Rendering works.,how different type of Hooks helps to develop the functionalities of the Project
- Created small modules for this project through React js .

*Collezioni [javascript, jquery, c#, react js]*

- This is the Live project , the Clients are Myntra, Raymond , Ramraj.
- This project Requirement for me was to change the old services and use the Web Api
- Used c# for this Project to make changes in the controller.

*Design Dobby [c++]*

- With Design Dobby, Designers can concentrate on the finer aspects of their creations
- Used c++ for this project .Created Page setup for the layout, print styles , background.
- Worked on small modules like creating ribbon bar for the project , Titles, data manipulation , using of smart pointers
